Cable Cover

MODEL: RS2-1850-1、RS2-1850-2

We continue to be committed to provide you tools with competitive price.

"Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

Safety Instruction

WARNING:

Carefully read and understand instructions and procedures before installing and using the threshold-ramp.

- Do not modify the threshold-ramp design.
- Do not move a threshold-ramp while standing on it.
- Do not use in bad weather, such as wind, rain, snow and so on, It is recommended to use the ladder in clear weather.
- During installation, please wear gloves to prevent hand injuries.
- Do not stack items or allow children to play on the ramp.
- Regularly check the structure and fasteners of the ramp to ensure its stability • and safety.
- If the surface of the ramp is worn or damaged, please replace or repair it in time.
- Regularly check if the fasteners on the ramp are loose and tighten them as necessary.
- If the ramp is not used for a long time, store it in a dry, ventilated area and avoid direct exposure to sunlight.
- Check the surface of the ramp for wear and tear every 3 months, and replace or repair as necessary if there is significant wear or damage.
