

# 8 reasons why you should buy a Stringo®

For over 20 years, we have been focusing on a single goal: To move cars efficiently, simply and safely.

**WE ARE THE** only company in the world that specializes in manufacturing car movers. What is a sideline for other companies, is something we do every day, all the time. Our skills, knowledge and experience are combined to create the world's best tool for moving cars.

After 20 years in the industry and a continuous focus on our customers' needs, we have developed skills that have no equal anywhere. Stringo's extensive range of products, as well as the close-to-customer cooperation that promotes continuous development makes us world leaders on the market.

Just like our customers, we feel good at the top and appreciate the work that is required to stay there. Thanks to our product development and a continuous presence on the market, we aim to help our customers reach their goal. Moving cars in an unrivaled way is easy with our help.

1

## **ERGONOMICS**

Our powerful car movers prevent the need to move cars manually; anyone who has ever used a Stringo has no wish to go back to manual moving. We ensure a safer working environment for our customers, which naturally makes us both pleased and proud.

2

## **ENVIRONMENT**

Stringo works quietly, efficiently and powerfully without unnecessarily emitting any harmful substances. Cars can be moved without their engine running, thus protecting the environment.

3

## **SAFETY**

When muscle power does not suffice, it's time to call in Stringo. Our car mover minimizes the risk of workplace-related accidents, making it indispensable at workplaces where staff safety is paramount.

4

## **RETURN ON INVESTMENT**

Stringo does the job of four people, an investment that pays for itself after less than a year. It moves cars efficiently and with no risk of damage like nothing else in the industry.

5

## **SIMPLICITY**

With a nifty maneuver by a single person, Stringo moves cars in a few seconds. It could hardly be simpler.

6

## **QUALITY**

Nothing is left to chance, no detail is too small. We like to impress our customers, so each Stringo delivered meets the most stringent requirements, every time.

7

## **CUSTOMIZATION**

Irrespective of the type of vehicle or premises, every Stringo solution is adapted to its specific purpose. We are committed to supplying specially-built car movers to optimize your operations. Fussy customers are our best resource, as they provide the fuel to continuously drive Stringo's development forward.

## **EXPERIENCE**

Our many years of experience are reflected in all our activities. After more than 20 years in the industry, we have no rivals when it comes to building car movers. All our staff are specialists in every sector involving the manufacture of car movers. Our long-time customers know that already, and our new ones are often surprised.
